

**UNC CHARLOTTE**  
Collegiate Recovery Community

## **Tiers of Membership**

Tiers of membership in the Collegiate Recovery Community (CRC) have been designed to provide clear expectations on how CRC members can achieve and maintain good standing with the CRC and to encourage participation and involvement with the CRC and greater community. This document details three levels of membership within the CRC, requirements to be in good standing at each level, and privileges that come with membership at each level.

### **Bronze Level Members**

<b>Requirements to be in Good Standing with the CRC at this Level</b>	<b>Privileges</b>
Less than 90 days in recovery (but actively seeking abstinence)	Access to CRC Room if accompanied by Silver Level or Gold Level CRC member
Acquire at least 10 points per semester	May attend on-campus CRC Seminars, events, meetings, etc. not otherwise available to non-CRC students
	Included on formal and informal CRC communication

Being physically present and engaged with the CRC is a critical component of membership and in maintaining a strong sense of community. Therefore, UNC Charlotte distance learners (defined here as students who take all classes online and who are unable to physically participate in CRC activities on a regular basis) who join the CRC will be Bronze Level Members and may not advance to higher levels of membership, regardless of their length of sobriety.

### Please note the following:

- Some of these activities need to be verified, such as by the signature of a volunteer coordinator (for example, if volunteering off-campus), having guest sign a sign-up sheet for hosting a game night/study night, etc.
- The activities listed in the table above are examples and may not be not all-inclusive. Additional ideas to earn points may be directed to the CRC Coordinator for approval. Students are always encouraged to ask questions in advance of engaging in activities to ensure that they will get the points they are seeking.
- CRC Coordinator and CWP Director have the right to change, add activities that increase points, or take away points as they see fit.
- As it pertains to points, the CRC Coordinator and CWP Director have the discretion to help students maintain being in good standing with the CRC due to extenuating student circumstances.
